CASE RECORDS OF THE MASSACHUSETTS GENERAL HOSPITAL

VOLUME 24

1938

The date of publication of any case may be determined from the case number. The first two figures of each case number indicate the volume number, 24. The third and fourth figures give the number of the week, dating from Januarv 1. The last figure gives the case number for the week. For example, Case 24362 is the second case for the thirty-sixth week of Volume 24.

Abscess of heart, 24492
of lung, 24022, 24492
